

## Overview

# Incessant's Pega<sup>®</sup> Practice

### Incessant's Pega Practice

Incessant Technologies, an NIIT Technologies company, helps global organizations realize their Digital Integration goals through the agile delivery of enterprise iBPM solutions. Incessant's Pega Practice has unmatched certification levels in the industry, thereby providing highly experienced teams on customer engagements. With experience of over 200 successful customer implementations and a suite of Pega Platform productivity solutions, Incessant delivers significant value to its customers in Insurance, Banking & Financial Services, Government and Manufacturing.

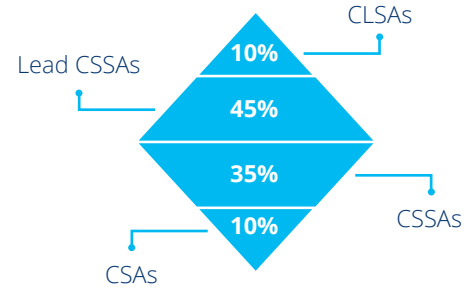

# Unmatched Pega Architect Certification Levels

## Diamond Model Engagement Composition

Incessant offers an industry leading diamond engagement staffing model, where experienced CSSAs and CLSAs constitute 90% of the team composition

Incessant achieves this resourcing model, through its unmatched Pega technology expertise and leading certification levels
